## NOTES:

- Our Year 1 corresponds to Year 7 of the UK educational system. Placement in the appropriate Year depends on the educational system a student comes from. The age and the academic performance are also taken into account.
- <sup>\*1</sup> All Day School: In Years 1-3 the subjects taught are Mathematics, Science and English. Mathematics is taught two times a week whereas Science and English are each taught once a week. Students may choose to follow only one subject once a week, i.e. Science or English.  
External Examinations Support Lessons: In Years 4-6 most of the major elective subjects are taught once a week. The school offers these external examinations support lessons aimed at students who are either recommended for external examinations by their teachers or ahead of the external examination registration period their teachers predict they will be recommended for external examinations. The purpose of these lessons is exclusively to maximize student performance on the external examinations. External Examinations Support Lessons focus on the subject specific external examination technique, style, questions type and past papers.  
Additional major elective subject: In Years 4-6 students have the option of choosing an extra major elective subject, such as French or Biology as part of triple science (Physics, Chemistry, Biology).
- <sup>\*2</sup> Accommodation in the boarding facility: The above fees are for 1 bed studio. The annual cost of 2 bed studio is €2,000 less than the cost of 1 bed studio (subject to availability). - <sup>\*5</sup> Transportation to school and back to the boarding facility during school holidays (Christmas, Easter, July and August): estimated around €300 per month.
- <sup>\*6</sup> External examinations fees: The fees for the external examinations depend on the subject/level/examinations body and are charged additionally.
- <sup>\*7</sup> Airport transfers with or without escort for unaccompanied minors can be arranged by the school with taxi/transport companies cooperating with the school.
- Visiting students (short term stay/integration programme): Students thinking of attending the school can register for a trial period (from 1 week up to 3 months) and the fees are €700 per week for 1 bed studio in the boarding facility or €600 for a 2 bed studio. A group of six diverse children, including boys and girls of various ethnicities, are huddled together in a circle, smiling broadly. They are wearing colorful clothing: a pink top, a white shirt, a red shirt, a blue plaid shirt, and a green and red striped shirt. The text "Thank You" is overlaid in large, bold, yellow letters across the center of the image. The background is bright and slightly blurred, suggesting an outdoor setting. At the bottom of the image, there is a decorative yellow and blue graphic element.

Thank You
